### Current Events Theater at RSD Library presents

Sir! No Sir! energetically reveals the untold story of the GI movement to end the war in Vietnam. This is the story of one of the most vibrant and widespread upheavals of the 1960s – one that had a profound impact on American society, yet has been virtually obliterated from the collective memory of that time. This hidden history combines fast-paced archival footage with thoughtful interviews, “perfectly timed with new doubts about the Iraq War” (Variety).

Debunking several myths about America's invasion of Vietnam, David Zeiger's documentary might be the most important documentary to screen in Los Angeles this year. Knowledge is ammunition.
